Lucie Walker Memorial Fund Distributes Grants to Two Local Non-Profit Agencies

The *Lucie M. Walker Memorial Fund* recently announced grants to two non-profit agencies in Ulster County. This year's grants were presented to *Angel Food East* in Kingston, a dedicated group of volunteers providing hot, home-delivered meals five days a week to people living with HIV+/AIDS; and the *Phillies Bridge Farm Project*, a Community Supported Agriculture (CSA) farm in New Paltz that shares a generous portion of their harvest with low-income families in the Ulster County. Grants from the fund are distributed annually on Lucie's birthday.

The *Lucie M. Walker Memorial Fund* was established to perpetuate the memory of Lucie Walker's selfless and devoted service to her family, friends and people in need. The fund is intended to provide a permanent source of financial assistance to local service organizations that enhance the quality of life or furnish support to people in need in our communities. Previous recipients include: People's Place, Caring Hands Soup Kitchen, Queens Galley, Resource Center for Accessible Living, Ulster County Veterans Emergency Fund, the Hunger Project of UlsterCorps, Family of Woodstock, Cerebral Palsy of Ulster County, Rip Van Winkle Council Boy Scouts of America, YMCA of Kingston and Ulster County, Ulster County SPCA, Catskill Animal Sanctuary, Friends of the Forsyth Nature Center, Hurley Heritage Society, and Food Bank of the Hudson Valley.

The *Lucie M. Walker Memorial Fund* is administered through the Community Foundation of Ulster County, an affiliate of the Community Foundations of the Hudson Valley. Donations can be sent directly to:
